BACKACHE IS
DISCOURAGING

But Not So Bad If You Know How to
Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Norway people recommend Doan's Pills. Read this case.

Mrs. G. D. Frost, 6 Tucker St., says: "Doan's Pills helped me wonderfully and I take pleasure in recommending them. My back gave me trouble and there seemed to be a deep seated pain across the center of my back. My kidneys didn't act regularly and in other ways showed signs of disorder. As Doan's Pills had been used in the family with good results, I decided to try them and sent to Noyes Drug Store and got a box. After using them, the trouble left me entirely."

FRYEBURG

Fryeburg Academy Notes

The house party given by the young
ladies of the Alumni House to the stu-
dents of Frye House was a very enjoy-
able affair. The decorations, games,
music and refreshments were all in keep-
ing with Halloween week.

On Monday, the Republican Rally at
Assembly Hall was attended by the
faculty and student body. Chairman of
Committee, Mariner Thompson, spoke
in a very convincing manner of the merit
and grand deeds of the Republican party,
afterwards introducing Miss Ruth Gaff-
ner, who held the attention of all by
her forceful remarks. She was followed
by Delbert Bosworth, who showed very
placidity that Coolidge and Davies would
be the right men, the best men for the
place. Tuesday afternoon there will be
the Democratic Rally and Wednesday
the La Follette Rally, and as there are
able speakers for all three of the Presi-
dential candidates no doubt their agree-
ments will be as convincing as those al-
ready heard.

Norway Grange

Norway Grange held its annual Fair and chicken pie supper, Oct. 24. The hall was very prettily decorated.

All the tables were well patronized in the afternoon and early evening. The dining hall looked very attractive to the crowd waiting for supper.

At 6:30 a bountiful chicken pie supper, with all the fixings, was served. Mrs. Emma Swan was chairman of the committee and Mrs. Lydia Abbott had charge of the dining room. After supper, worthy Master E. H. Brown announced the names of those holding the lucky number and the awards; Grange quilt, No. 1, Mrs. Harry Jackson; Grange quilt, No. 2, Mrs. Archie Godwin; Rhode Island Red rooster, Geo. Richardson; bushel of potatoes, Mrs. Willard Buck; waste basket, Ossie Hill; silk kerchief, Mrs. E. H. Brown; box of chocolates, Winona Young.

The Grange realized a goodly sum for its treasury and much credit is due Mr. Brown, the master of the Grange.

Norway Grange has been invited to join the Paris Grange on Nov. 1st for appropriate anniversary observances.

Farm Bureau

Miss Edna M. Cobb, the Clothing Specialist from the University of Maine, will hold a three days clothing school at Norway Grange Hall, Nov. 3-4-5.

Miss Cobb will be assisted by Miss Gladys Pratt, who has recently accepted the position of Home Demonstration Agent of Oxford County.

The one-piece dress will be the subject under consideration and the ladies will make dresses. Every lady is asked to bring her sewing equipment.

The school will open, Monday, Nov. 3 at 10 a. m. and all not solicited are to bring pastry.

Spent Bullet Hits Man

M. F. Gammon, while walking up Water Street, above the saw mill, last Monday, was struck in the right cheek by a bullet. From whence it came he does not know. It made a jagged cut in the flesh, bleeding profusely. A physician dressed it and now Frank is busy explaining how it happened.

Probably someone was using a rifle in Ordway Grove squirrel hunting, and the bullet landed in Mr. Gammon's face. Though no report was heard.

Hunters with rifles should use great care in shooting. Rifles should not be used in the woods near the village.

Judge Aretas E. Stearns of Rumford

was a guest of Col. and Mrs. A. J. Stearns while attending court this week.

At a special town meeting held, Oct. 18, in the Opera House, a vote was passed to give the Women's Relief Corps, No. 45, permission to erect a Soldier's Monument in Witherell Park. The town also abated the taxes on the real estate of the Norway Shoe Co. and that of the Sanborn Shoe Shop Co. for the present year.

to be used with camphor to relieve the troubles of an expectant mother. She was preparing to heat the mixture when the officers appeared. Evidence disclosed the fact, the respondent and family were living with Mrs. Belanger's mother, Mrs. Joseph Dionne, who leased two stores in the block and conducted a lodging house. According to Mrs. Belanger, the wine was four years old and not used, while the "empties" were left there by the roomers and removed to the shed where found. Not guilty was returned by the jury after a brief conference.

Milk Tests

Sample of milk secured by the State inspector from the herd of H. R. Bennett, taken from the team on the route shows the following analysis: Clean, no sediment, Butter fat 5.20; solids not fat 9.31; total solids 14.51. The State has tested the herd for Tuberculosis and find them free from this disease.

Geo. M. Bachelder: "The State has inspected the milk from my herd and the card returned as follows: Butter fat 5.04, Standard calls for 3.25. Total points 1402, Standard calls for 1175. Making test 227 points above standard and also clean. The inspector has a bad habit of not letting it be known when he is coming so it is pretty hard to fix up a sample for him. He stopped me one morning on the street and bought a bottle of milk out of my truck. We had just had our herd Tuberculin tested and found all O. K."

Walter S. Butters Seriously Injured. A terrible auto accident happened, Saturday at the top of Sampson Hill in Waterford. Walter S. Butters of Stoneham was driving his Ford car when it skidded across the road against the bank tipping over and pinning Mr. Butters under the car, where he lay but a short time. Ransom Grover found him and tipped the car off from him. Other help soon came and he was taken to Norway, to his daughter's Mrs. W. G. Conroy's. His head was badly cut and bled profusely.

Three physicians were called to the home and found that Mr. Butters had sustained a fractured skull, several broken ribs and temporary paralysis. His body was covered with cuts and bruises. For several days his condition was critical and no hope given for recovery. Late reports show he is improving and has more than an even chance.

Joe Dubey: "I won't dig the ground after it's froze. That is settled. Those who expect water put into their houses must have it done before the ground freezes."

W. H. Buck of Norway Lake called in Monday and in the course of conversation he said that he and his family dined on peas right out of the garden, Sunday. Two weeks before they enjoyed a mess from the same vines. These are the Champion England peas planted late in the season.

Adjutant General James W. Hanscom and Captain Charles Adams, infantry instructor, inspected Company C, of the 103rd Infantry and reported favorably on the organization and its officers. Arrangements have been made with the selectmen for the company to have quarters in the armory building occupied by the American Legion and the building to be vacated the first of November. This change will give more room and will prove attractive.

Mr. and Mrs. William Schenk and two children, William, Jr., and Elizabeth, who were called here by the death of his father, Carl A. Schenk, returned to Bayonne, N. J., Saturday.

William E. DeCroteau, manager of Rex Theatre, starts, Monday, on a vacation of ten weeks, the first in fourteen years. He plans to have a good time, with plenty of rest, in Boston, New York, and probably Chicago. Colby W. Robins of Bingham will take his place and is here learning the ropes. Mr. Bingham is a manager of experience and will keep the shows in Norway, South Paris and Oxford up to the high standard obtained by Mr. DeCroteau.

BATES—WEST PARIS

Two Fires. The alarm of fire sounded forth on two successive days, both of which came near being serious affairs. The first was in the early afternoon of last Wednesday when the roof of Dexter W. Gray's house caught fire, it is thought, from a spark from the R. R. engine as there was no trouble around the chimney.

Little Gordon Emery, scarcely five years old, son of Mr. and Mrs. Carl Emery, discovered it and told his mother to "come and see the house all afire."

Mrs. Emery hurried to give the alarm and then went to the house to tell Mrs. Gray, who was in the house and did not know it.

The firemen quickly gathered and put it out without any great damage except a small hole in the roof and some water damage. Mr. Gray was sick in bed with neuritis at the time and J. W. Cummings, in the first floor rent, just returned from the hospital.

The second alarm sounded about nine o'clock, Friday morning, and the fire was in the rent over Haines' Meat Market. Margaret Peabody, who lives in the other rent over S. T. White's drug store discovered the smoke when she went out into the hall. This is thought to have caught in a closet by some combustible substance. The hose and fire apparatus were already on the ground, being left there to dry out from the previous fire and although the pent up smoke seemed to come through the shingles all over the building, the fire was only in one small part and was soon under control. Everything in Haines' shop was carried out and saved. The rent over him was paid by Mrs. Mary Cooper Austin, who is away most of the time and was away when this happened. Her goods are practically ruined by fire and water.

The drug store occupied by S. T. White was damaged considerably by fire and water. The rent over the store occupied by Geo. Young was drenched with water, except one room, the kitchen, which was in the rear. Geo. Trull, who was loading apples, was the first man on the roof in both fires.

The corner building is the oldest store in the village and is owned by a syndicate of five men and it is not yet decided whether they will rebuild in the spring or not. In the meantime S. T. White will occupy his store as before and the meat market will probably be patched up for the winter.

PROTECTING THE INVESTMENT

Abraham Lincoln humorously said of a poor neighbor's assets, "He has a wife and two children which I should think were worth thirty thousand dollars to any man."

A family is indeed a golden investment and needs the same protection and care that any investment requires.

For three generations the editors of The Youth's Companion have felt the same responsibility to the families of subscribers as if these families were their own. In taking a subscription they have accepted a trust; they have done their part to see that the family investment increased in value through the development of character and a taste for the good things in life.

The 52 issues of 1925 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

ALBANY

Hunt's Corner and Vicinity
Another place was spent at
the vestry, Thursday evening. Our Circle
was glad to welcome friends from Nor-
way, Bethel, Waterford and Portland.
Mrs. Lothrop of Portland gave a pleas-
ing entertainment by singing many de-
lightful selections. Her beautiful voice
was enjoyed and appreciated in Albany
as much as in Portland. The Misses
Edith and Adella Cummings gave an
original dialogue with local hits which
caused lots of merriment. A vote of
thanks was given by the Circle to L. J.
Andrews and Calvert Fullerton for mak-
ing up such nice book shelves and setting
up our stove which we found a great
help in getting supper ready quickly.

The next Circle will be held November
7, Friday evening, instead of Thursday,
as Mrs. Ives expects to be with us that
evening to hold a service after the Circle
supper and program. All those who have
had the privilege of listening to Mrs.
Ives this autumn are assured that what-
ever the subject on which she speaks it
will be interesting and helpful.

ren, Mrs. Inez Dean and Mrs. Dora Beck-
ler motored to Lewiston, Saturday.

tained Mrs. Ives, Sunday.

a week end guest of her brothers, Forest
and Arthur Churchill. Mrs. Arthur Church-
ill and children returned with her.
Arthur Andrews and family of Bryant
Pond were week end visitors at his fa-
ther's, Abel Andrews'.

Last Service of Season

Mrs. Ives' last Sunday service with us
for the season was well attended. In
her sermon she pleaded for each and all
to be followers of Jesus Christ. She spoke
of how she had, with throngs of others,
rushed and waited to see great men like
our Presidents even for a few moments,
but how little time we find to meet Jesus
who is waiting with outstretched arms
to receive us, just as we are. She spoke
so earnestly of the beautiful life that
Christ lived that no one could help but
be inspired to want to follow His exam-
ple as her closing words were, "Love thy
Lord with all thy heart and with all thy
soul and with thy mind and thy neigh-
bor as thyself," which will fill our own
lives with joy and love.

COMPARISONS
Diamonds and charcoal are
essentially carbon yet their values
and usefulness are as far apart
as the poles. So it is with

Scott's Emulsion

Many imagine that all oils are
similar, but when the usefulness
of cod-liver oil is compared with
all other fats, the difference in
value is as far apart as common
charcoal and diamonds.

Scott's Emulsion is cod-
liver oil made pleasantly
available to build up those
who are run down or weak.

City people are enjoying the beautiful

Autumn here in the country. The Cav-

were at their place for a few days here

in Sweden and Enfield W. Plummer and

wife and three friends, all of Long Is-

land, N. Y., were at Lyman Plummer's

camp in Sweden hunting. They didn't

have much luck shooting game but they

had a good time and wanted to stay long-

er.

The road at Black Mt. is nearly com-

pleted.

Hunting season opened Oct. 16, but we

haven't heard of anyone shooting a deer

in this section yet they report the woods

very noisy and it is getting dry, too.

Mrs. E. S. Plummer has been in Port-

land taking Naturepath treatments for

rheumatism with good results and intends

to go again in a few days.

Some one was kind enough to harvest

Cyrus Durgin's cabbages at the Tapa-

wing Camp this fall. They also helped

themselves to his potatoes. It no doubt

was someone that had an automobile and

had so much trouble to do that they didn't

have time to bother to raise potatoes and

cabbages. They'd rather steal them af-

ter he has worked all summer to raise

them and then bought what there was

left after the camp closed.

her early recollections in this town, is to
